NJAR® SUPPORTS THE NEW JERSEY NETWORK

Viewers to learn more about REALTORS® in their communities

EDISON, N.J. – The New Jersey Association of REALTORS® (NJAR®) is proud to continue its support for the New Jersey Network (NJN) as a sponsor of NJN programming throughout 2007. NJAR®'s ongoing partnership with NJN public television is another way the association is giving back to the communities where its members live and work.

Throughout the year, viewers will see NJAR® President Bill Hanley featured in one of the two messages highlighting the involvement of REALTORS® in communities throughout the state as civic leaders, good neighbors, and industry professionals.

“It’s very important for NJAR® to get its message out to the public of New Jersey that REALTORS® do more than sell real estate,” said Hanley. “REALTORS® really care about the communities that they live and work in. Our members take an active role by investing their time as volunteers at local charities; we promote affordable and fair housing, and are very focused on advocating issues in Trenton that affect the home buying and selling public of New Jersey.”

For over 90 years, NJAR® has served the real estate industry as an advocate for private property rights and homeownership. As a new sponsor of NJN programming, viewers will learn more about the association’s ongoing efforts in Trenton to promote a healthy real estate marketplace for New Jersey homeowners. Messages will appear during NJN’s public affairs programming and NJN News. Rebroadcasts of the news can be seen on NJN’s website (www.njn.net) and heard on NJN radio. For the NJN radio station in your area, visit <http://www.njn.net/radio/frequencies.html>.

NJN is the state’s educational telecommunications network providing universal access to award-winning programs and services that address the special needs of New Jersey and its citizens. NJN Public Television, a PBS member, is broadcast on Channels 23 (Camden), 50 (Montclair), 52 (Trenton), 58 (New Brunswick), and all New Jersey cable systems and satellite TV content providers.
